FYI, Republic is asking who needs to be granted access to the Bridgeton Sanitary Landfill SharePoint site so they can download and analyze the monitoring data from the subsurface oxidation event. This is in response to requests from ORD personnel in our call on the SSO last week. Please decide amongst yourselves and let Audrey know the list of people.

Good afternoon Audrey,

I wanted to follow up on our discussion yesterday and ask that you please let me know what EPA team members you would like to have access to the Share Point site that has the reports and filings for the Bridgeton site. Mr. Paul Reusch has requested the most recent reports and since I know you are out of the office this afternoon, one of our team members will go ahead and send those by e-mail.

Thank you,
Jessie
